Sir:

URGENT - BY FAX

**RENEWED PETITEON UNDER 37 CFR 1.181 AND REQUEST FOR
RECONSIDERATION**

Dear Mr. Brian L. Johnson,
Special Program Examiner, Technology Center 2100
Computer Architecture, Software, and Information Security.

In response to your decision from the date of JUL 19, 2006 and as agreed
between us, I have done what you tolled me to do in our telephone
conversation as follow:

1. I Have made a copy of the Letter (from the date of April 11 2006)
when it is inside his envelop. (doc. "C")

RECEIVED
CENTRAL FAX CENTER

SEP 18 2006

2. I have made a copy of the envelop and enlarged the stamps so that you will see clearly the dates in the stamps.(doc. "D1", "D2", "E")
3. As you can see now in copy "C" , the letter is inside his envelop and the date of "04/11/2006" with the other details of my name and address, can be seen, together with the details and the stamps on the envelop - as you asked me to do.
4. As you can see now in copy "D1", I have enlarged the copy stamps from the front of the envelop, and the European date in the Israeli post office stamp (ellipse shape, and overturned) is the date of 15.05.06 (in the left side of the stamp) and the Hebrew date, inside the stamp, is י"ז אייר תשס"ו which is the Hebrew date of the European date of 15.05.06 and the American date of May 15, 2006.
5. I have spoken with the Examiner Mr. Pinchus laufer and he can confirm this Hebrew date to you. (The stamp on the rare side of the envelop is much clearer.)
6. In copy "D2", (the rare side copy of the envelop) you can see two stamps of the Israeli post office on the envelope (in the middle of the page).
7. The lower stamp (in the left side of the envelop) is the clearest stamp. (Under this left stamp, one can see it enlarged.)
8. The European date of 15.05.06 is very clear in this stamp.
9. The Hebrew date of י"ז אייר תשס"ו is very clear in this stamp.
10. The only problem is that they are too close to each other inside the stamp. (like this: 15.05.06 י"ז אייר תשס"ו)
11. There is another stamp on this rare side envelop, (on the upper right side of the envelop and overturned) but this stamp is not clear as the lower stamp (in the left side of the envelop).
12. Above this right stamp, one can see it enlarged.
13. In copy "E", I have enlarged the copy stamps from the rare side of the envelop (the left stamp) and wrote an explanation of the Israeli post office stamp, indicating the European date inside the stamp (15.05.06), the Hebrew date inside the stamp (י"ז אייר תשס"ו) , The

name of the town in English (Ramat Gan) and the name of the town written in Hebrew (רמת גן).

14. All of these stamps on the envelop, with the European date of 15.05.06 , and the Hebrew date of י"ב אייר תשס"ו , are proving that I have received the letter from the USPTO in the American date of May 15, 2006, and that it was received by me after more then one month (34 days) from the mailing date of this letter (which was 04/11/2006) .
15. As I told you in our telephone conversation, my situation with the scams that my former patent lawyers have done to me and to my rights on this invention is very hard. and I am fighting this situation almost 13 years.
16. Please understand my difficult situation and help me overcome this hard situation and don't let my patent application to be withdrawn – I am not the one to blame in this situation.
17. Hope for your understanding ,

Respectfully submitted,

Mordechai Hammer, Inventor
